

# BROCKWAY MEMORIAL LIBRARY

February 8, 2024  
4:00 pm - 5:00 pm

For kids in grades K-5.  
Registration required,  
space is limited.

## FROST Museum of Science

is on the move! Please join us at the Library on the second Thursday of each month for hands-on S.T.E.M. (Science, Technology, Engineering and Math) – focused learning. Whether it's exploring space, changing the color of fire, finding fossils or taking an engineering challenge, each experience inspires the audience to investigate our world through the power of science.

### Theme of the Month:

### The Chill Zone: Liquid Nitrogen!

Explore physical reactions by freezing everyday objects with liquid nitrogen. Watch as balloons, flowers and other objects undergo a physical change when exposed to extremely cold temperatures (-321°F to be exact). Make sure to stay for our grand finale as we create a simulated cloud (thunder and all!). Now with a liquid nitrogen “snow” feature!

### The Chill Zone
