(Page 1 of 2)**

**Resolution Calling for the Restoration of Energy Tax Receipts and Increased Municipal Aid to Provide Real Property Tax Relief**

WHEREAS, taxes on gas and electric utilities were originally collected by the host municipalities to be used for local purposes and to compensate the public for the use of their rights of way; and,

WHEREAS, when the State made itself the collection agent for these taxes, it promised to dedicate the proceeds to municipal property tax relief; since, just as municipalities collect property taxes for the benefit of school districts, counties and other entities, the State is supposed to collect Energy Taxes for the benefit of municipal governments; and,

WHEREAS, under various administrations through the years, the State budget has diverted funding from Energy Taxes to fund State programs; and instead of being spent on local programs and services and used to offset property taxes, the money has been spent as successive Legislatures and Administrations have seen fit; and,

WHEREAS, while the State may need to have the right to override the statutory dedication of these revenues to local governments, in order to deal with emergencies and crises that may occur; current State policymakers should not exercise that right automatically; and,

WHEREAS, while that right should be the exception, it has become the rule; and,

WHEREAS, by keeping flat funding of the appropriation for CMPTRA year-over-year, State Budget makers have been able to continue collecting Energy Taxes, while keeping additional revenue that should have been returned to provide property tax relief; and,

WHEREAS, in SFY 2023, the State did provide some much-needed relief in the allocation of \$75 million of new funds identified as the Municipal Relief Fund; and,

WHEREAS, in SFY 2024, the State allocated \$150 million in Municipal Relief Funds, however, in SFY 2025 and, as proposed in SFY2026, no allocation will exist; and,

WHEREAS, the proposed SFY budget is \$60.7 billion, but Energy Tax Receipt funding remains flat at \$1.45 billion, a level that has remained largely unchanged despite inflation and rising operational costs; and,

WHEREAS, the cumulative impact of years of flat funding and underfunding has left many municipalities with serious needs and burdensome property taxes; and,

WHEREAS, local elected officials are in the best position to decide the best use of these resources that were always intended to fund local programs and services.

NOW, THEREFORE, BE IT RESOLVED, that the Municipal Council of the Borough of Waldwick, in the County of Bergen calls for the immediate restoration of funding of Energy Taxes consistent with the State's original commitments; increase formula based municipal aid to reflect inflation and rising service costs; and reestablish a fair and reliable fiscal partnership between the State and local governments; and,

(Page 1 of 2)**

**Resolution Urging the New Jersey State Legislature and Governor to Repeal the Gas Tax Escalator and Restore Accountability to Fuel Tax Increases' Office**

WHEREAS, the residents of the State of New Jersey and the Borough of Waldwick are burdened by one of the highest overall tax structures in the United States; and,

WHEREAS, in 2016, the State of New Jersey enacted legislation restructuring the Transportation Trust Fund and implementing an automatic adjustment mechanism commonly referred to as the "gas tax escalator"; and,

WHEREAS, the gas tax escalator permits periodic increases in the motor fuels tax without a direct vote of the New Jersey State Legislature; and,

WHEREAS, such automatic increases lack transparency and reduce accountability to taxpayers, who bear the financial burden without corresponding legislative oversight; and,

WHEREAS, increases in the motor fuels tax raise the cost of commuting, goods, and services, and place additional financial strain on working families, seniors, and businesses; and,

WHEREAS, these increased costs also impact municipal operations, including transportation, public works, and service delivery, thereby placing further pressure on local budgets and, ultimately, property taxpayers; and,

WHEREAS, the NJ Property Taxpayers Coalition has called for the repeal of the gas tax escalator as part of a broader effort to restore fiscal responsibility and taxpayer protections; and,

WHEREAS, local governments have a responsibility to advocate for policies that protect their residents from unnecessary and unaccountable tax increases.

NOW, THEREFORE, BE IT RESOLVED, by the Municipal Council of the Borough of Waldwick, County of Bergen, State of New Jersey, that it hereby urges the New Jersey State Legislature and the Governor to:

1. Repeal the gas tax escalator; and,
2. Require that any future increases in the motor fuels tax be subject to a direct vote of the Legislature; and,
3. Restore transparency and accountability in the taxation process affecting New Jersey residents; and
