Tent on the Goodspeed Lawn for the 2024 Summer

Purpose: Goodspeed proposes to put up a 20'x20' tent (with no sides) and an additional roped-off 20'x20'area on the north end of the lawn from June 10-October 21, 2024. We would have outdoor tables and chairs for patrons to use while in the designated area. Although much smaller in size and located on a different portion of our property, we learned during the pandemic that Goodspeed guests enjoyed gathering together under a tent as a complement to the performance they were attending. We are also pleased to continue making our Goodspeed lawn available to Music by the River and other citizens throughout the year.

Days & Hours: The tent would be used Wednesdays through Sundays, weather permitting, for patrons with tickets to the shows those days to sit outside and enjoy a beverage or a picnic prior to the show. The tent and roped off area would be open one hour prior to performances on those days. The times the tent will be open are as follows:

- Wednesday 1:00-2:00pm and 6:30-7:30pm
- Thursday1:00-2:00pm and 6:30-7:30pm
- Friday 7:00-8:00pm
- Saturday 2:00-3:00 and 7:00-8:00pm
- Sunday 1:00-2:00pm and 5:30-6:30pm

Bar: A small service bar would be located under the tent and serve pre-packaged, single serving beer, wine, hard seltzers, bottled water, and sodas. The bar would be run by a paid professional bartender of Goodspeed's. No alcohol would be allowed to be consumed outside the tent and roped off area; with the exception of bringing their drink, in a lidded container into the Opera House for their performance There will be a single enter/exit point at the sidewalk that will be monitored by staff so that only ticketed patrons are allowed in and no alcohol would be allowed to be taken out of the area.
When not in use the bar would be broken down and stored inside the opera house in designated locked areas.

Location of the tent on the north end of the lawn under the tree by the pump house.

Tent size 20'x20' with an additional 20'x 20' area roped-off to create a 40'x40' area where alcohol can be consumed.

Location of the tent on the north end of the lawn under the tree by the pump house.
