RESILIENT EAST HADDAM

COMMUNITY MEETING NOTICE

Join us on **Thursday, October 24, 6:30 - 8:30 p.m., at the East Haddam Municipal Complex, Meeting Room 1, One Plains Road,** for a public workshop to discuss the Resilient East Haddam project. This interactive session will include a presentation and opportunity to discuss existing and future conditions and to get feedback about the needs and priorities of the community.

WHAT IS RESILIENT EAST HADDAM?

East Haddam has experienced devastating flooding along the Succor Brook in the past few years, including damage to several key community spots. This project aims to define current and future flooding risks and identify potential protection and mitigation measures.

WHO IS INVOLVED:

- Town of East Haddam; Connecticut Institute for Resilience & Climate Adaptation (CIRCA), which supports development of statewide resilience project planning; and Kleinfelder, an engineering consulting firm.
- A Community and Technical Advisory Committee (CTAC) has been formed to help inform the process with a local perspective.

TIMELINE:

- Current & Future Conditions Analysis — MAY - SUMMER 2024
- OCTOBER 2024 — Public Workshop #1
- Evaluate Adaptation Options — DECEMBER 2024
- JANUARY 2025 — Cost-Benefit Analysis
- Final Report With Recommendations — FEBRUARY 2025
- FEBRUARY 2025 — Public Workshop #2
