Value to Citizens: How much value wil the outcome bring to our citizens?	3=high value
Strategic Alignment: To what extent is the project aligned with the government's strategies	3=full alignment with strategies
Recurring Capital Cost	Yes, it requires annual funding

Additional information regarding the condition of the infrastructure.

With our partners Connecticut Landmarks Group, and the National Park Service (River Trails Conservation Assistance Program) a bike path and pedestrian walkway has shown residents and town visitors will use our open space area more and shop in local business along the bike Trail. Residents of town are looking for safe avenues to walk and enjoy all East Haddam has to offer. With Gillette Castle State Park, Nature Conservancy Chapman Pond Nature Preserve, Staehly Farm and Winery, East Haddam Historical Society and other business, this is the ideal location to provide a bike path pedestrian walkway.

Does request address a hazard: the project has shown in other communities that providing a safe and welcoming bike path and pedestrian walkway outside of the vehicle traveled lanes invites residents and visitors to town a welcome option to vehicle only travel.

Cost Savings and Operational Costs: Detail

Anticipate that this request will fund the town match for a DEEP grant.
This bike path and pedestrian walkway is planned with a concrete surface with little or no maintenance for 20 years.
