NATHAN HALE-RAY HIGH SCHOOL
TRACK AND FIELD ATHLETIC COMPLEX
$2,800,000

Town Referendum
May 24, 2022, 6:00 am to 8:00 pm
Municipal Office Complex, Gymnasium
1 Plains Road, Moodus

The Nathan Hale-Ray High School Track and Field Athletic Complex Project entails the construction of track and field areas and improvements to the soccer field. Below are key components of the proposed project:

- the construction of a six (6) lane oval/eight (8) lane sprint track;
- the construction of a field surface for javelin, discus and other track and field events;
- the replacement and removal of existing soccer field and installation of a synthetic turf soccer field;
- the construction of restroom facilities;
- handicapped accessibility code improvements, including those providing ADA-compliant access to the track and fields.

The Town has been awarded a State of Connecticut grant in the approximate amount of $1,400,000 for this project. Additionally, the Purple Fund Educational Endowment has pledged $400,000 to offset costs to the Town of this project. The net cost to the Town, if all grants and endowments are received, will be approximately $1,000,000 to be financed with the issuance of general obligation bonds and/or notes of the Town.
