6. **Discuss and Take Action on Plymouth Transformational Plan**
  - **General Discussion / Updates /Action, if necessary**  
**Chairman Hamzy** advised that the property located at 8 S. Main St. paid their delinquent taxes and stopped the auction ordered through the foreclosure process. We now must reconsider our options in the downtown area since this may affect our plan. He advised that **Bill Alread** is still interested in selling his property at 33 S. Main St., however needed parking issues may need to be resolved.  
We need to consider what course to take or what area to focus on. There is general discussion regarding the Terryville Pizza corner and upgrades that could be considered there as well as the area near the Library and Lock museum.  
**Roxanne Levesque** questions whether we should reach out to the owner of 8 S. Main St. to see if he would be interested in working with us. There is general discussion, however the property owner did receive prior offers to purchase the property, but the owner has unrealistic expectation on what the value of the property was. Two appraisals were done on the property which placed its value between \$500,000-\$600,000. It is also noted that the owner was not willing to provide interested buyers with DEEP testing information for the property.  
Other options and strategies are discussed; **Vance Taylor** will investigate other options and funding sources.  
There will be no application submitted for December, we hope to get something in for May.

**Director Carl Johnson** is asked for an update on the State DOT project on Route 6 and Agney Ave. **Director Johnson** advised that the State contractor is doing as much work as possible on drainage on

Route 6 during evening hours to beat the snow. The vendor plans to continue work on Agney Ave and S. Main St. all winter. They hope to start work on the Streetscape in the Spring.
