Noted requests for over \$50,000 require a town meeting that is scheduled for October 7th at 6:00 PM if Board of Finance recommends a simple majority is needed at the town meeting if Board of Finance does not recommend a 2/3 majority at the town meeting would be required to approve this appropriation.

Jim Kilduff, Chairman, noted from the Board of Finance perspective and the public, where the money comes from would be the recommendation that would be either paid out of the police extra duty or the undesignated fund balance, and briefly elaborated.

Our insurance coverage is expected to cover at least \$10,000 of the \$83,600 cost, so the town's portion may be closer to \$73,600. The replacement will be a Dodge Durango, not a Ford, due to ongoing reliability issues, since the Durango is \$3,400 cheaper and has proven more reliable, and briefly elaborated.

Chief Karen Krasicky noted that presently we're short several vehicles due to recalls and mechanical issues, which impacts daily operations and limits the number of vehicles available for extra duty (a revenue generator for the town). If this replacement doesn't go through, we'll fall further behind on our
