Request from John Murphy to reduce Route 6 eastbound to one lane of traffic in the area of the intersection of Route 6 and Carter Road

John Murphy, 747 Main Street, Plymouth, provided copies of the vehicle accident that occurred on December 1, 2025 to the Commissioners. Utilizing a flipchart, John Murphy provided a presentation and explained at length the ongoing issue concerning speeding and accidents on Route 6 in the area of the intersection of Route 6 and Carter Road.

John Murphy, referencing an email received from the State of CT Department of Transportation which acknowledged there was a flaw in the road design in the subject area, stated that from the State's DOT Study, they took the island out at this intersection and noted it did not help the problem. John Murphy stated in an effort to slow down the speeding vehicles, he would like the Route 6 eastbound lane (going up the hill) changed to one lane of traffic in the area of the intersection of Route 6 and Carter Road. He also requested that a representative from the DOT come to a meeting so the issues can be discussed.

Police Chief Karen Krasicky noted the State DOT reviewed this intersection several years ago and this was

not considered a viable option because in bad weather trucks could get stuck on the hill and it would also cause traffic to back up down the hill to Thomaston.

Nanci Simmons-Murphy, 747 Main Street, Plymouth, stated she had a letter dated December 10, 2025, submitted by Town Resident Reverend Dick Dill, 751 Main Street, Plymouth, which stated his home has been hit multiple times by vehicles speeding in the Route 6/Carter Road area. She further stated that he has spoken to the local Police Department and the State of CT Department of Transportation to no avail. Nanci Simmons-Murphy stated Reverend Dick Dill has noted he is tired of having to repair his house and has placed boulders around his property, noting it's not enough and he would welcome jersey barriers.

Police Commissioner Tim Murawski made a motion, seconded by Police Commissioner George Castle, to direct Police Chief Karen Krasicky to send Mr. Murphy's request to the Department of Transportation to send a representative to a Police Commission meeting to discuss the issues with this intersection and that a study be done regarding Mr. Murphy's request to reduce Route 6 eastbound to one lane of traffic in the area of the intersection of Route 6 and Carter Road. Police Chief Karen Krasicky stated when the Town is without a Public Works Director the Mayor is the Acting Public Works Director.

Police Commissioner George Castle made a motion, seconded by Police Commissioner Tim Murawski, to send the former Public Works Director's recommendations for Diana Hamzy's requests to Mayor Sekorski
