**Public Comment**

Jeff Conard, 80 Crestview Road, Terryville, stated he is trying to get "Children at Play" signage for the Crestview Road, Mountainview Road, Fountainhead Road, Oakdale Road, and Tumblebrook Road areas, and also at the bus stop (Fountainhead and Crestview Road), noting he knows speeding is a problem Town-wide. Jeff Conard stated the signage could bring up a little bit of awareness and if it catches one person's eye and saves one child it would be worth it, noting there are eight children at this bus stop. He further stated cars fly in this area, especially at the bus stop hours early in the morning. Jeff Conard cited a story whereby a child was killed crossing Fountainhead Road on his bicycle in the eighties and also stated that he has made Facebook post messages about the excessive speeding in this area, as well as having called the Police Department about the issue. He further stated he would like to have some Police presence, noting sometimes a visual is enough of a deterrent. Jeff Conard stated "Children at Play" signage should be put throughout Town, noting it is a good look, deterrent and makes people think. He further stated there can be a listing of roads with this signage that can be revisited as time goes on.

When questioned by Police Commission Chairwoman Cathy Paskus, Police Chief Karen Krasicky stated signage is up to the Police Traffic Authority and then the Public Works Department would install the requested signage.

Police Commissioner George Castle stated this issue should be sent over to Public Works Director Carl Johnson to look into further.

Police Commission Chairwoman Cathy Paskus stated she had small children at one time and that she understands where Jeff Conard is coming from. She further stated that speeding in Town is a concern, noting vehicles are traveling too fast.

Police Chief Karen Krasicky stated the department had received a grant in April which helped get the Police Officers out there when they weren't doing regular patrol. She further stated they drew 143 radar numbers in April, noting they try to stay at a location for 30 minutes, noting sometimes their location is recognized and broadcasted out and sometimes they have to leave due to an accident, etc. Police Chief Karen Krasicky stated just having the Police vehicle presence also acts as a deterrent.

Police Commission Chairwoman Cathy Paskus stated that a lot of times when a Police Officer pulls a vehicle over for speeding it can involve other issues at the same time such as driving without a license, driving while intoxicated, warrants, etc. Police Commission Chairwoman Cathy Paskus stated for these reasons she feels this is why radar is so important; a brief discussion followed.
