October 21, 2025

The following are the Minutes of a Regular Meeting of the Lawrence Township Council that was held on Tuesday, October 21, 2025, at 6:30 p.m.

The meeting was opened with the Inspiration and Pledge of Allegiance, led by the Municipal Clerk.

Mayor Farmer announced that October is part of National Hispanic Heritage Month, and shared a favorite quote from Justice Sonia Sotomayer, "The Latina in me is an ember that blazes forever."

At the commencement of the meeting Mayor Farmer read the following statement of proper notice:

STATEMENT OF PROPER NOTICE: "Adequate notice of this meeting of the Lawrence Township Council being held on Tuesday, October 21, 2025, has been provided through the posting of the annual meeting schedule of said Council in accordance with Section 13 of the Open Public Meetings Act." Absent: None.

Also in attendance was Tyler Newman, Esq., Acting Municipal Attorney.

Special Proclamations, Recognitions and Presentations

Mr. Jeremy Ryan, member of the Growth and Redevelopment Committee, thanked Council for the opportunity to provide an update. Over the past eighteen months, he revealed that the Committee has been focused on their mission to understand how they can best serve both the Town Council and the Lawrence business community in the years ahead. He stated that the result is a focused plan built around four strategic priorities to better reflect their purpose, which are to 1.) Facilitate Local Business Networking and Support, 2.) Promote Local Spending, 3.) Advocate for Technology to Improve Our Business Environment, and 4.) Enhance Integration and Advisory Role in Planning and

Development. To that end, some of the ideas Mr. Ryan shared were to host annual networking events, implement awareness programs, introduce incentives, advocate for developing and maintaining digital platforms, make Township business resources more accessible, and strengthen the committee's advisory role by systematically reviewing and commenting on upcoming planning and zoning initiatives that impact local businesses and economic development. Finally, Mr. Ryan explained that the committee recommended their name be changed to the *Business and Economic Growth Committee*, as it better aligns with their new direction.

Councilman Bobbitt asked if Council could obtain a copy of Mr. Ryan's presentation, to which Mr. Ryan replied that he had copies available, along with the committee's research materials.

Mayor Farmer stated that the Growth and Redevelopment Committee has done incredible work in the last few years, and the name change will provide a more accurate representation of their work.

Councilwoman Perry stated she is pleased to report the Growth and Redevelopment team has been conducting outreach to partners in Mercer County, where the business group, under the leadership of Anthony Carrabelli, Director of Mercer County Economic Development, has delivered presentations to local businesses to inform them of available County grants and resources.

Public Participation

Mr. Jeffrey Vamos, Senior Pastor of the Presbyterian Church of Lawrenceville, stated that he had the honor and privilege of serving on the Mayor's Task Force, which he felt was a wonderful experience. He discussed the two major themes, which were continuing the center's legacy and providing a broad variety of services to the community. Mr. Vamos expressed that he feels governance is the key to making these results happen and meeting these two major needs. He feels that gathering smart community leaders who are representative of different constituencies and interests, and who will work with the Council and Township Manager, will help create a blueprint for governance and management of the Community Center. Finally, Mr. Vamos suggested that this is an incredible opportunity for the Township to do something creative and wonderful for the Town.

Mr. Gary Backinoff, representative of *Lawrence Nonprofit Housing Inc.*, explained that his nonprofit has provided quality housing for hundreds of Lawrence Township families for over fifty years. He remarked that the Mayor's Task Force suggestions regarding the Community Center represent a "win-win" for the Township and community organizations to develop strategic partnerships, and that different groups working together provide great programs that benefit the community. He explained that the Executive Committee for the Lawrence Nonprofit Housing Inc. supports the Township's

ongoing collaboration with the Task Force to create a model that allows for input from various organizations to energize the Community Center and make it something wonderful.

Ms. Valandra Riggins expressed that she is a proud Lawrence Township community member, and has been shaped by the types of programs that have been discussed as possible resources the Community Center can provide to the residents. She supports having nonprofit organizations and programs such as *Every Child Valued* being incorporated into the plans for the Community Center. She provided testimony of her experience as a youngster within the program, and how the support she received helped her to thrive academically. She believes it is a lifeline for families, and hopes that the Community Center will not be used solely for a place of recreation.

Mr. Phillip Dowdell stated that he met Mr. Fred Vereen years ago and has learned all about the great things that Lawrence Township has done for the community, and disclosed that he is a board member for *Every Child Valued* program. He shared how Lawrence Township Public Schools serve the community, and provide many programs without adding to the local tax burden. He feels that the Community Center would best serve the residents by partnering with the Lawrence Township School System to provide many services to the community.

Mr. Chris Woolley first wished to praise former Lawrence Township High School graduate and current Toronto Blue Jays Coach, John Schneider, for leading his team to the World Series. Next, he relayed that he has an appointment on the 27th with the Franklin Township Youth Services Director with regard to how school and Township collaborations can work, which speaks to the point that Mr. Dowdell made earlier, and extended an invitation to come with him to those who are interested. Lastly, he read a letter on behalf of former school board member and current *Every Child Valued* board member, Anne Casale, as she was unable to attend tonight's meeting. Her letter relayed the many benefits her son received throughout the years from participating in various Community Center programs, and her support for having the Community Center partner with nonprofits to further benefit the Lawrence Township community.

Mr. Fred Vereen stated he wanted to make sure people understood that the Community Center is not just for the Black community, or the Eggerts Crossing community, but for the entire Lawrence Township Community. He also thanked Councilman Bobbitt and Councilwoman Santos for taking the time to walk through the Eggerts Crossing neighborhood to bring awareness to the Community Center. Finally, he asked Council to heed the Task Force recommendations regarding the Community Center and work together for the betterment of all Lawrence Township residents.

Ms. Sylwia Kobus stated that it is wonderful to hear from members of the community who have benefited from the Community Center. She revealed that, until recently, she did not know the Center existed, but has now learned of all the wonderful things it has done for the community and is asking Council to support the Task Force recommendations for the Center. In addition, she acknowledged that although a small

segment of people completed the survey, everyone had the same opportunity to respond, and for those who did take the time to reply to the survey, their voices should be heard. Finally, she asked that Council support the Community Center "as is," with the addition of nonprofits and the inclusion of public-school programs and activities.

Ms. Elizabeth Ferguson, Director of Community Service at the Lawrenceville School, stated that having their students—who come from all across the country and around the world—engage with the Lawrence Community Center has been a true gift to the students, as well as to the families who benefit from the Center. She relayed that her children have benefitted from Community Center resources as well, and her whole family has participated in programs provided by the Center in conjunction with interreligious and interfaith groups. She recommends Council think about the ways the space can be utilized for all community members to bring everyone together.

Mr. John Scott stated that he and his wife raised their children in Lawrence Township after first moving here in 1977, and five of his nine grandchildren also reside in Lawrence. He explained that he is a retired architect, and understands that it can be a complicated process to renovate or build new facilities, but after having read the Mayor's Task Force report, he believes it provides a good foundation for Council to make decisions regarding the Community Center building. In addition, he believes supporting the Task Force recommendations is an opportunity for the Township to improve its standards and invest in its citizens. Finally, he would like Council to approve Community Center partnerships with programs that promote education, lifetime learning, healthy habits and physical activity for the betterment of the residents.

Mr. Devon Goodman stated he has been a member of the Lawrence Township community for twenty years, and shared that his family has benefitted from the *Every Child Valued* program offered at the Community Center. He explained the Community Center was a safe space for his children, who developed bonds of friendship over the years that still exist today. He expressed that he is so proud to have been a part of the Community Center, as it means a lot to him, as it does to the Lawrence Township community.

Mayor Farmer thanked the members of the public for coming tonight to share their thoughts and show their support for the Mayor's Task Force, noting that their commitment and time is appreciated. She then recognized Mercer County Clerk, Paula Sollami Covello, and stated that she is here tonight to deliver a presentation regarding Italian American Heritage Month.

Ms. Paula Sollami Covello, Mercer County Clerk, stated that she appreciates Lawrence Township's yearly recognition of Italian American Heritage Month, as both a Lawrence Township resident and Clerk of Mercer County. She shared that she is of Italian American decent, and recounted the wonderful opportunities her parents and their family were given, and the goals and achievements they were able to realize, by coming to the United States of America. Ms. Sollami Covello reflected that in 2018, she and her daughters were able to travel to Italy to read a proclamation to the Mayor of her

grandfather's town, so she feels that this is a "full circle moment" and is very proud to present Council with a *Certificate of Recognition* for their acknowledgement of Italian American Heritage Month. After reading aloud the Certificate of Recognition, she handed the document to Council.
