

Hello,

The purpose of this article is to introduce myself to the town of Dewey Beach Commissioners pertaining to my proposed seat on the Budget and Finance Committee.

My name is Dominic Prestipino, I am 31 years old and born/raised in Rehoboth, Delaware. In 2022 I moved back to Sussex County to begin my career as an associate general dentist at Rehoboth Dental. In the same year, I purchased a condo on 18 West Street to call my primary residence and have fallen in love again with the town that I grew up in. This community has afforded me many career opportunities, and I wish to give back to the local community by serving on the Budget and Finance Committee.

As a young local professional, I hope to offer unique and sustainable perspective regarding the long-term goals of Dewey Beach. In this position, I will rely on my previous small business experience helping my parents manage their local electrical contracting company, Apple Electric, based in Rehoboth. Thank you for this opportunity to directly address the Board of Commissioners. Dewey Beach is a special place, and I am excited to help grow and preserve that legacy.

Sincerely,
Dominic Prestipino
