

Iris Curtis Bio

Iris has been a Dewey Beach property owner since 2009. Prior to COVID, she rented her property for most of the summer. Since then she has been able to telework and now lives in Dewey for most of the season and is here most weekends in the offseason. Iris has had a 25+ year career in the Government Services sector, managing a business unit of over \$35M in annual revenue and over 60 employees. Through this experience she has gained deep understanding of budgeting, forecasting and financial performance management, as well as all aspects of Government contracting. She also has a history of community volunteer service, including stints on two condominium association boards and one homeowners association board; Hamlet Swim and Tennis Club board; and the Parent Teacher Organization (PTO) at her children's school. Through these activities she understands the challenges of budget and finance for community entities operating with limited resources. She is excited to bring her diversity of career and volunteer experience, as well as her understanding of both the Dewey Beach property rental owner and resident perspectives to the Budget and Finance Committee. More details of her professional experience can be found in her LinkedIn profile:
