

Tera Keplinger Bio

I am a lifetime visitor and 8 years as a home owner in Dewey I am looking to become involved with our community. With over 20 years of experience in systems and database engineering, I am eager to bring my technical expertise, problem-solving abilities, and passion for community service to the Town Marketing Committee. In both my professional career and volunteer roles—including chairing the Town of Smithsburg Election and Park Committees—I have demonstrated a commitment to organization, collaboration, and thoughtful communication. My background in data management, web development, and user support equips me with the tools to help promote our town's unique strengths through both digital and traditional marketing channels. I am excited about the opportunity to support initiatives that enhance civic engagement, attract visitors, and foster pride in our local community.
