

## Suggested Minimum Tree Planting by Zoning District

District	Lot Square Foot	Minimum Tree Per Lot	Required Trees:
NR	5000	1666	3
RR	5000	2000	2.5
RB	5000	2500	2
PR	1000000	3000	33

### Tree Planting Requirement:

Following Standard of 173-3

Each tree PLANTED removed or destroyed under a permit approved according to the criteria in § [173-2C\(1\)](#) or [\(4\)](#) must be replaced with a new tree satisfying the following minimum requirements:

- [\(1\)](#) Native species included on the Delaware Department of Agriculture list of recommended trees, or other similar authoritative list; the Town Building Official shall maintain and provide a copy of the current list;
- [\(2\)](#) Minimum diameter measured one foot above ground of five inches unless the replacement tree is within eight feet of the structure, and then it shall have a minimum diameter of three inches measured one foot above ground; and
- [\(3\)](#) Minimum height of 12 feet when planted.
