

Infrastructure Committee Meeting Minutes

January 25, 2021

The meeting was called to order by Chair, Jim Tyler, at 11:00 am

Members Present: Chair Jim Tyler, Drew Martin, Marty Tarr

Others present: Commissioner Dale Cooke and Ashleigh Hudson

Adopt agenda,: Motion by Marty, 2nd Drew, approved unanimously

Approval of April 25th , 2019 Minutes: Motion by Marty T, 2nd by Drew. Approved unanimously

Approve Drew as Secretary, Motion by Marty and 2nd Jim, approved unanimously

Jim opened discussion on the proposed DelDot Plan for Median Treatment Plan on SR1, Saulsbury to Read Ave. Marty asked if about the plans showing trees removed at the Rodney Ave intersection on the plans. It was determined that was possibly in a later phase. It was made clear that the changes will help with flooding and providing more permeable surfaces. Jim clarified that the plans show that trees would be removed and replaced with grasses in order to make the crosswalks safer for pedestrians and solve the blockage of signage. Drew asked about the chance of enlarging sidewalks with this plan and the maintenance of the new plantings. Dale let us know that sidewalks could not be changed and the Town has a landscape contract to handle the maintenance. Jim also noted that the plantings are all extremely low maintenance.

Marty makes the following motion:

The Infrastructure Committee recommends to the Town Commissioners to approve the DelDot Median Treatment Plan on SR1 from Saulsbury to Read Ave. Drew 2nd, motion passed unanimously.

Public Comments: None

It was decided that the next Committee Meeting would be held when needed.

A motion to adjourn was made by Marty, 2nd Drew. Motion passed unanimously.
Meeting adjourned at 12:00 P.M.
