

LEONA R. WILHITE

2/15/1923 - 3/12/2007

Lifetime resident, Leona Wilhite
hosted the Oktoberfest
from 1988 to 2000.

With her effort and the effort
of the rest of the community,
Creedmoor was able to
acquire and build this Park.

Thank you to Leona
and the rest of the community.

We love you.

10/1/2022 Proceeds

i Purchase of AED machines for lifeguards, police, restaurants, major businesses (includes related training) CPR Hands Only CPR training. Youth athlete screening at Cape Henlopen High School

David Ashby Memorial

i

- Purpose: To create a park-like setting to benefit citizens and guests of Dewey Beach; raise awareness about Sudden Cardiac Arrest (SCA); save lives, memorialize Dave with a plaque.
- Where: End of Bellevue Street, Bayside in open space between the street and the bay shoreline.
- What: 15' x 20' stamped concrete patio/landing that includes 2 (50.5" x 27") cast iron tree benches secured to the concrete with "red head tabs" over the bench feet that enable removal without concrete destruction. Bench should be treated every 5 years with Rust oleum clear coat. (Retailer: Wildlife Wonders; \$530/bench)
- Bronze Plaque (inscription attached) 15" x 15" that includes raised letters, Dave's image and a QR code to link to SCA information. (\$3,000 - \$4000) affixed to 1 or 2 low stakes within the patio
- How: Landen Construction in partnership with Eskridge Concrete will construct the patio, secure the benches and install the sign/plaque.

Time Schedule

i The project is targeted for completion by 8/31/22; actual project to be completed within 1 week.

Implementation

i Paved Concrete was determined to be stable/sturdy and not require maintenance. The area floods periodically and pavers would be vulnerable to deterioration and movement when submerged for periods of time.

APPROVAL AND AUTHORITY TO PROCEED

We approve the project as described above, and authorize the team to proceed.

David Ashby

(10/31/90 – 10/19/19)

Dave was a proud Dewey Beach homeowner that passed away unexpectedly from a Sudden Cardiac Arrest (SCA) just before his 29th birthday. His compassion for others and desire to live life to the fullest left a lasting impression. Friends referred to him as “The Mayor” since he was friends with so many locals. His family and friends joined together to spread awareness about the risks of irregular heartbeat, prevention and treatment to save lives.
