

## **Pond Cove Health and Safety Measures Summary August 18, 2020**

### **Social Distancing and PPE (Personal Protective Equipment)**

- In Classrooms/Common Areas throughout the Building
  - Only select furniture in classrooms
  - Assigned seating for students
  - Alternative spaces identified for break-out work with specialists (library, cafeteria, empty classrooms, outdoor spaces)
  - Lockers assigned and accessed under supervised social distancing guidelines
  - Lunch and breakfast delivered and served in the classrooms (students distanced at 6 feet while eating)
  - [Six foot spacing between desks](#)
  - Stable Cohorts (Podding)
  - Mandatory face coverings/shields worn by staff and students
  - AA teachers travel to classrooms when possible
  - Specialists travel to wings when possible
  - Hallway/common area traffic limited
  - Max capacity determined for bathroom spaces
  
- During Recess
  - Playground divided into zones with staff supervising each area
  - Students remain in stable cohorts in a zone
  - Mandatory face coverings/shields worn by staff and students
  - Hand washing before and after recess
  - Areas designated for distanced mask breaks
  
- During Arrival and Dismissal
  - Students enter building closest to grade level wing when possible
  - Mandatory face coverings/shields required
  - Possible staggered start depending on number of students being transported by parents/guardians
  - Footpaths and walkways within close proximity to school designated for student and staff travel

### **Education/Training for Staff and Students**

- Hand hygiene training (washing and sanitizing)
- Purpose/benefits of masks
- Social distancing training (why and how)
- How to travel through building and on campus
