

MEMORANDUM

TO: Cape Elizabeth Planning Board
FROM: Conservation Committee
DATE: November 12, 2020
SUBJECT: Town Communications Tower and trail relocation

At the November 10, 2020 meeting, the Conservation Committee reviewed plans for construction of a 180' tall telecommunications tower at Gull Crest. The site currently has a grassed trail that is popular with cross country skiers. The plan calls for relocating the trail to the south at the same width and finish.

By a vote of 5-0, the Conservation Committee voted to endorse the proposed trail alignment.
