

## MEMORANDUM

TO: Cape Elizabeth Planning Board  
FROM: Conservation Committee  
DATE: March 11, 2020  
SUBJECT: Edgecomb Way Private Road Extension/RP Permit

At the March 10, 2020 meeting, the Conservation Committee reviewed the plans for the above project. The committee had previously commented on the need for adequate scour protection at the culvert outlet. Rip rap protection has been added to the plans and the Town Engineer has commented on additional details. At the conclusion of the review, the Conservation Committee made the following recommendation:

That the Conservation Committee recommends the approval of a Resource Protection Permit for the Edgecomb Way project.
