Maureen:

It is unlikely that Ocean House Common will receive the DEP Stormwater Permit in time to record the Subdivision Plan within 3 months of the approval date. Therefore, on behalf of David Jacobson, we would request to be placed on the March 17th planning board agenda for a 3 month extension.

Please confirm that you have received this email and that we will be placed on the March agenda.

Thank you.

John

John,

This is sufficient to put you on the March 17th agenda. I was just thinking yesterday that you would be sending in an extension request.

Maureen
