

Option 1
(all amendments)
Town Center Affordable Housing Amendments

SEC. 19-1-3. DEFINITIONS

Mixed Use Building: A building that includes both nonresidential and residential uses. A building in the Town Center District in compliance with Sec. 19-6-4 (D)(3h), Affordable Housing in a Mixed Use Building, shall also be considered a mixed use building.

SEC. 19-6-4. TOWN CENTER DISTRICT (TC)

A. Purpose

The purpose of this district is to encourage an identifiable Town Center that includes a village feeling, mixed retail and residential uses to serve residents, an environment inviting to pedestrians, a common meeting place, visual cohesiveness and enrichment and linkages to the Town's open space and nearby school campus. The Town Center district boundaries reflect the prevalence of public buildings and commercial uses and the historic compactness of development. The Town Center District requirements are tailored to the unique characteristics of the Cape Elizabeth Town Center.

In the center of the Town Center District, there exists a unique compactness of development exemplified by smaller lot sizes and existing structures with compatible space and bulk massing and requirements of the Town Center District shall apply in the core subdistrict, except where standards specific to the Town Center Core Subdistrict are established.

D. Standards

1. Performance Standards

h. A multifamily dwelling unit shall be accessory to a nonresidential use and located in a building where more than fifty percent (50%) of the floor area of the structure is occupied by nonresidential uses. For multi-story buildings, more than fifty percent (50%) of the structure may be allocated for multifamily dwelling units as long as the first floor is nonresidential. (Effective May 12, 2010)

2. The following Space and Bulk Standards shall apply:

MINIMUM LOT AREA	
(1a) Single family dwelling unit	80,000 sq. ft.

(1b) Single family dwelling unit in the Town Center Core Subdistrict	10,000 sq. ft.
(2) Multifamily dwelling unit	7,500 sq. ft.
(3) Wind energy systems	20,000 sq. ft. (Effective October 8, 2008)
(4) Other uses	None
MAXIMUM NUMBER OF DWELLING UNITS PER AREA	
(1) Multifamily housing in a mixed use building	1 unit per 3,000 sq. ft. of gross lot area (Effective May 12, 2010)
(2) Rooming or boarding home	1 bed per 5,000 sq. ft. of gross lot area

1
2
3

MAXIMUM BUILDING HEIGHT	
(1) All uses	35 ft.
MAXIMUM BUILDING FOOTPRINT	
(1) All uses other than school or municipal uses	5,000 sq. ft. This limitation shall not prohibit the connection of separate structures by a covered or enclosed walkway.
MAXIMUM BUILDING DIMENSION	
(1) All uses other than school or municipal uses	100 ft.

4
5 3. Design Requirement

6
7 The following requirements shall be applicable to all development which
8 requires site plan review by the Planning board, any new construction or
9 addition, and any exterior alteration to a locally historic structure
10 designated in the Town Center Plan. These standards shall be used to
11 determine if a development is compatible with the Town Center District.
12 The intent is not that all buildings should look the same, but rather to
13 encourage a mix of compatible styles, sizes, and characteristics.

14
15 g. Landscaping and Site Development

16
17 4. Village green. This section shall apply when a village green is
18 included in a Site Plan Review application. One purpose of the

1 Town Center District is to encourage a common meeting place.
2 A village green is a prominent and highly visible park-like area
3 where the public may gather, relax and contemplate both
4 casually and as part of organized outdoor public events. A
5 village green created in compliance with this section must have
6 at least one hundred (100) continuous feet of road frontage on
7 Ocean House Road, a depth measured perpendicular from
8 Ocean House Road of at least one hundred (100) feet with a
9 minimum width of one hundred (100) feet, and a minimum
10 size of at least twenty-thousand (20,000) square feet. A village
11 green shall be designed as a park, green or square,
12 permanently preserved as groomed open space with legal
13 public access, and offered in fee to the Town of Cape Elizabeth.
14 A village green shall be developed with a defined edge framed
15 with elements such as landscaping, roads, pedestrian
16 walkways and distinctive buildings. A village green shall have
17 a distinctive center and/or focal point. Pedestrian walkways
18 shall be constructed that guide movement through and around
19 a village green and connect a village green to the Town Center
20 sidewalk network, adjacent buildings and properties. The
21 requirements of subsection Sec. 19-6-4 (D)(3)(d) Building and
22 Parking Orientation, and Sec. 19-6-4(D)(3)(g)(2), Parking Lot,
23 shall be applied in a manner that complements a village green.
24 (Effective March 9, 2016)
25

26 h. Affordable Housing in a Mixed use building.

27
28 This section shall apply when a Site Plan Review application
29 includes a building with at least 36 dwelling units affordable to
30 low-income households. One purpose of the Town Center District
31 is to encourage mixed retail and residential uses to serve residents.
32 The inclusion of a significant amount of affordable housing
33 improves housing choice for residents, and expands the potential
34 customer base in close proximity to local businesses. Affordable
35 housing created in compliance with this section must maintain low-
36 income affordability for a minimum of 45 years.

37
38 An affordable housing building that applies for review under this
39 section may substitute the applicable provisions in Sec. 19-6-4(D)
40 Standards with the following:

- 41
42 1. Maximum Number of dwelling units per area: 1,500 sq. ft
- 43
44 2. Maximum Building Footprint: 12,000 sq. ft.
- 45
46 3. When the building is located a minimum of two hundred feet
47 (200') from a public road right-of-way, the following additional
48 provisions may be substituted:
49

1 i. Maximum Building Height: 45 ft.

2
3 ii. Affordable Housing and related support services may be
4 located on the first floor.

5
6
7 **SEC. 19-7-8. OFF-STREET PARKING**

8
9 4. The following minimum number of spaces, rounded up to the nearest
10 whole number, shall be provided and maintained for each use on a
11 lot, including each use within all buildings. The maximum number of
12 employees scheduled during peak demand/shift shall be used in
13 calculating the number of required parking spaces when employee is
14 referenced in the list below. *The floor area of the structure as defined
15 in Sec. 19-1-3 shall be used in calculating the number of required
16 parking spaces, unless otherwise noted. [Green shading is existing text
17 that is currently located after paragraph b below and merged into this
18 paragraph].*

19
20 a. Affordable Housing development. The Planning Board may
21 reduce the off-street parking requirements otherwise
22 applicable below when an affordable housing development
23 where at least 70% of the units are affordable to low-income
24 families for a minimum of 45 years demonstrates that the
25 proposed parking is sufficient to address the parking needs of
26 the affordable housing development.

27
28 b. Building reuse. The Planning Board may reduce by up to
29 thirty percent (30%) the required parking for the reuse of a
30 building existing as of June 4, 1997. In granting such a
31 reduction, the Planning Board must find that:

32
33 ia. the reduction will not create or aggravate parking
34 problems in the neighborhood, and

35
36 iib. the required number of spaces cannot be reasonably
37 accommodated on the lot.
38
