Corinne Ketcham on Jan 16, 2020:

**Date:** Jan 16, 2020

**Committee No. 1** Conservation Commission

**Name** Corinne Ketcham

**Address** 37 Stone Drive

**Home**

**Is your home phone unlisted?** Yes

**Work**

**Email Address**

**Occupation** Legal Research

**Employer** NNELRA, LLC

**Why did you choose the board(s) or committee(s) listed above?** I live abutting conservation land in our town and want to become more involved in how decisions are made to preserve these spaces and ensure environmental integrity in Cape Elizabeth.

**What talents/skills do you feel you would bring to this position?** My previous career as a Hydrogeologist concentrating on groundwater and soil remediation had allowed me to practice my lifelong love of preserving our environment. I live and use the outdoors of this community daily and protection and preservation of our open land is very important to me.

**What municipal boards, volunteer organizations or community service groups have you worked with in the past and for what length of time?** Pond Cove Parents Association - 5 years (VP 3 years and President 2018-2019), Cape Elizabeth Soccer Club - Head Coach (3 years), Middle School Parents Association (1 yr so far)

**Are you employed by the Town of Cape Elizabeth or** No

**the Cape Elizabeth School  
Department?**

**Do you serve as a volunteer  
for the Town of Cape  
Elizabeth or Cape Elizabeth  
School Department?**

Yes

**If so, please explain:**

I volunteer with the MSPA.

**Is your schedule flexible  
enough to allow you to  
attend meetings regularly?**

Yes

# Corinne Ketcham

## Objective

To continue working with environmental remediation strategies while utilizing technical knowledge, experience, and proven analytical and communication skills.

## Work Experience

December 2017-Present    NNELRA, Inc    Cape Elizabeth, ME

### President

- Responsible for document acquisition and review for Maine, New Hampshire and Vermont
- Create and maintain client relationships including scope of work and invoicing.
- Continue business development and technology integrations throughout northern New England.

November 2007-November 2017    Regensis    San Clemente, CA

### East Region Technical Manager

- Design in-situ bioremediation and chemical oxidation remediation strategies for contaminated sites.
- Provide technical support during remediation strategy implementation to client's field staff.
- Support sales and marketing staff while managing client relations.
- Assist in portfolio management and forecasting for the sales team.

August 2006-May 2007    Jacques Whitford    Portsmouth, New Hampshire

### Staff Geologist

- Managed environmental cases from initial proposals to case closure: including budgeting and forecasting of remedial strategies.
- Organized and oversaw subcontractors in field-related tasks including: drilling, soil excavations, geophysical surveys, and hazardous waste remediation and disposal.
- Accountable for soil and rock sampling, oversight of monitoring well installation; groundwater sampling, surface water sampling and aquifer testing; sample preparation and delivery; surveying and field mapping.
- Extensive preparation of initial and comprehensive final environmental reports such as site assessment reports (Phase I and Phase II), subsurface investigation reports, investigative work plans, feasibility testing work plans, exposure assessments, and Immediate Response Action Plans and Release Abatement Measures for the Massachusetts Department of Environmental Protection; consistently meeting management, client and state deadlines.
- Maintained client and state case manager relations.

May 2004-August 2006

Kleinfelder

Islandia, New York

### Project Hydrogeologist

- Personally accountable for the planning and management of an environmental portfolio for ExxonMobil: responsible for the budgeting and forecasting of remedial strategies to move a project towards case closure.
- Supervised subcontractors in field-related tasks including: drilling (hollow-stem auger, mud rotary, air rotary, ODEX and sonic), remedial system installations, soil excavations, Underground Storage Tank upgrades, abandonment and removals, in-situ injections and geophysical surveys.
- Conducted hydraulic conductivity studies to determine effectiveness of remedial strategies including in-situ bioremediation and chemical oxidation of contaminants.

### Education

1998-2003

CUNY Queens College

Flushing, NY

#### Bachelor of Science in Geology

- Major GPA 3.43
- Minor in Philosophy

1995-1997

Nassau Community College

Garden City, NY

1994-1995

SUNY Buffalo

Buffalo, NY

### Skills

#### Certifications:

- OSHA 40-hour HAZWOPER Training and 8-hour Refresher Courses
- ExxonMobil Loss Prevention Systems Training (2004)

#### Computer:

- Operating Systems: Microsoft Windows and Mac OS
- Graphics software: Adobe Photoshop & Illustrator, ArcGIS and WinLog
- Office software: Microsoft Office Tools and Sales Force

### Research

Fall 2001

Queens College, Dr. Cecelia McHugh

#### Sediment Transport in the Hudson River

- Analyzed core samples of the Hudson River basin
- Washed and separated sediment samples according to grain size
- Analyzed mineral content of separated sample to determine source

Fall 1998

Queens College, Dr. Nicholas Coch

#### Coastal Surficial Processes and Sedimentology on Southeastern Long Island

- Collected, separated, and analyzed sediment content
- Measured wave ripple formations
- Determined changes in traverse with the changing of the tides

Below is the result of your feedback form. It was submitted by

Christophe-Heijn de Vries

on Jan 25, 2020:

<b>Date:</b>	Jan 25, 2020
<b>Committee No. 1</b>	Conservation Committee
<b>Name</b>	Christophe-Heijn de Vries
<b>Address</b>	14 Sweet Fern Road
<b>Home</b>	
<b>Is your home phone unlisted?</b>	Yes
<b>Cell</b>	
<b>Email Address</b>	
<b>Occupation</b>	Delivery Driver and Draft Systems Maintenance
<b>Employer</b>	Bissell Brothers Brewing

**Why did you choose the board(s) or committee(s) listed above?**

I have chosen to raise two children in this community in large part because of the existing conservation land and public/private land partnerships that add so much character and opportunity to an area in such close proximity to an urban center. I spend much of my free time trail running throughout the Cape Elizabeth Land Trust trail network year round. I am passionate about conservation efforts and I feel that I have valuable experience to offer and a genuine desire to contribute to my community.

**What talents/skills do you feel you would bring to this position?**

Prior to moving to Cape Elizabeth and year and a half ago I worked for five years as the Environmental Planning Supervisor with the St. Johns County Board of County Commissioners in St. Augustine, Florida. I worked hard to promote sustainable development in northeast Florida and interacted with State/Federal agencies, consultants, engineers, developers, city managers, citizen groups, law enforcement and many more. I am aware of some of the challenges that face communities trying to balance conservation efforts and other desires of the residents and outside interests. I studied natural resources recreation management in college and also have a diverse array of environmental work experiences from environmental education to fisheries research.

**What municipal boards, volunteer organizations or community service groups have you worked with in the past and for what length of time?**

My most significant volunteer experience was the time I spent as a Forestry and Agriculture Advisor in the United States Peace Corps. I served in Guinea in western Africa and in Madagascar. I spent most of my time in the mountains of northern Guinea training groups of farmers in improved agricultural practices with a primary focus on arabica coffee. I also worked on improving red mangrove propagation to help re-establish the mangrove forests in the coastal estuaries of northwestern Madagascar.

**Are you employed by the Town of Cape Elizabeth or the Cape Elizabeth School Department?**

No

**Do you serve as a volunteer for the Town of Cape Elizabeth or Cape Elizabeth School Department?**

No

**Is your schedule flexible enough to allow you to attend meetings regularly?**

Yes

## WORK EXPERIENCE

### **Delivery Driver and Draft Maintenance Technician / Bissell Brothers Brewing**

Portland, Maine / 2019-present

- Serve as the primary driver for distribution of Bissell Brothers beer throughout the State of Maine
- Service the draft systems of accounts statewide

### **Environmental Planning Division Supervisor /St. Johns County Growth Management**

St. Augustine, Florida / 2014-2018

- Trained, supervised and organized staff for field review of tree survey data, significant natural communities habitat, wetlands and threatened wildlife species
- Reviewed engineering/construction plans for development in St. Johns County
- Effectively coordinated with environmental consultants, engineers, landscape architects, local/State government agencies, environmental advocacy groups and community organizations regarding development projects
- Responded to community concerns regarding environmental issues

### **Independent Living Coordinator /Family Integrity Program**

St. Augustine, Florida / 2010-2014

- Provided case management services and life skills trainings for many of the foster care youth in the local residential group homes and Department of Juvenile Justice facilities.
- Established a mentor program for youth in foster care and a Career of Choice program in St. Johns County to expose teenage youth in foster care to employment, volunteer and post-secondary educational opportunities locally and nationwide.

### **SCUBA Dive Charter Assistant / Captain Hook's Marina and Dive Center**

Marathon, Florida / 2007-2008

- Assisted divers and snorkelers with gear assembly, site introductions, and underwater navigation on daily boat trips to local coral reefs and wrecks

### **Marine Science Instructor / Newfound Harbor Marine Institute**

Big Pine Key, Florida / 2004-2005

- Developed and taught educational programs in coral reef ecology, near shore/hard bottom ecology, mangrove and sea grass ecology, fish and invertebrate identification/classification

## VOLUNTEER EXPERIENCE

### **Agriculture and Forestry Specialist / Peace Corps**

Guinea and Madagascar / 2008-2010

- Assisted local farmers in the establishment of Arabica coffee plantations and two community tree nurseries consisting of forest, woodlot, and fruit tree species for reforestation projects and income generation
- Organized an Earth Day event to raise environmental awareness and improve local sanitation
- Coordinated with local agricultural groups to utilize improved agricultural practices and empower women with small business opportunities.
- Led trainings on red mangrove propagation and reforestation efforts

### **Farmhand / Virgin Islands Sustainable Farm Institute**

St. Croix, U.S. Virgin Islands / 2006

- Implemented sustainable tropical farming practices (inter-cropping, production of organic fertilizers, and integrated pest management)

### **Oyster Aquaculture Technician / Jakalof Bay Oyster Co. and Eagle Shellfish Farms**

Homer and Cordova, Alaska / 2005

- Worked in many aspects of oyster aquaculture including sorting seed stock, equipment maintenance and preparing the final product for sale

### **Marine Research Assistant / Huckleberry Fisheries**

Goodland, Florida / 2002-2004

- Research assistant under contract by the National Marine Fisheries Service in the research of juvenile Goliath Grouper abundance and migration patterns in southwest Florida's Ten Thousand Islands National Wildlife Refuge

## EDUCATION

Bachelor of Science in Natural Resources Recreation Management

University of Florida – Gainesville, Florida / 2004

Bachelor of Science in Criminology

Florida Atlantic University – Boca Raton, Florida / 2001

**Email Address**

**Occupation** Sustainability Consultant, writer/editor

**Employer** Self

**Why did you choose the board(s) or committee(s) listed above?** I am concerned about the state of recycling industry in general and the risks to Cape Elizabeth's recycling service in particular given the changing standards for recycling.

**What talents/skills do you feel you would bring to this position?** Worked as a sustainability consultant for 12 years. I have an understanding of the challenges recyclers face in markets across the country, and work directly with waste service providers, including Troiano. Other skills include written communications and presentations. For instance, some waste haulers are doing away with the chasing arrows labels and simplifying their communications.

**What municipal boards, volunteer organizations or community service groups have you worked with in the past and for what length of time?**

350.org, race organizations including the Maine Track Club, race director of the Cape Elizabeth Turkey Trot. No municipal boards.

**Are you employed by the Town of Cape Elizabeth or the Cape Elizabeth School Department?**

No

**If so, please explain:**

NA
