

RFQ for Strategic Planning Contact List

The RFQ for the library's strategic planning consultant was sent to the following organizations on November 29, 2021. Although some asked questions, no one responded to the RFQ by the deadline of December 10. Because Craig Freshley had indicated his availability for the spring of 2022, but had indicated that he rarely responds to RFQs or RFPs, once the deadline had passed with no responses, I contacted him again to discuss the possibility of proceeding with him as our facilitator. He is still available beginning in March of 2022, and will be sending along a proposal with cost estimates.
