

# Conservation Easement Monitoring Report

Easement Name: Hobstone Condos easement

Date visited: 3/8/2020

Name of monitor: Emily Day

Conditions observed (Note trails, structures, vegetation management/encroachments/invasives, other):

Easement from street through condos  
looks clear and in natural state.

Beyond condos there is a trail to  
tennis courts that appear to be very  
close to easement.

Recommendations: Review property / easement  
lines for tennis courts. Otherwise looks  
good.
