1007

This aerial photograph shows a proposed road improvement project on Shore Road. The road is a two-lane road with a center line and shoulder lines. The project includes the construction of 5.0' concrete sidewalks with Type I granite curbs on both sides of the road. A crosswalk with rectangular rapid flashing beacons (RRFBs) is proposed at the intersection with Oakhurst Road. A utility pole is to be relocated. The project also includes a variable width concrete sidewalk and a crosswalk with rectangular rapid flashing beacons (RRFBs) at the intersection with 2 Winward Way. The project is located on Shore Road, which runs from 878 Shore Road to 888 Shore Road. The project is located on Shore Road, which runs from 878 Shore Road to 888 Shore Road. The project is located on Shore Road, which runs from 878 Shore Road to 888 Shore Road.
