Dear Account Holder,

You are receiving this message as a reminder to renew your Conservation Lands Registry account.

As per 33 MRS §479C, A holder of a conservation easement or a fee owner of land held for conservation purposes that is organized or doing business in the State shall annually report to the Department of Agriculture, Conservation and Forestry. Accounts must be renewed annually between January 1st and March 30th

The Registry has been set up to be internet-based for on-line/digital access for account holders and enables account holder's to directly manage and update your account information and records on-line.

• The annual fee per organization/account holder is \$80.00. You may use a valid credit card, (MasterCard or Visa) for your organization's registration.

• Please have your organization's Registry account username and password available to initiate & complete the renewal of your organization's account.

• The following internet address will lead you directly to the CE Registry's webpage for on-line access to your account: <https://apps1.web.maine.gov/cgi-bin/online/spo/cer-v3/index.pl>

Renewing your registration will allow you to:

• update the Registry with newly acquired easements and fee holdings and

• confirm the monitoring status of your easement(s) records in your registry account.

All conservation easements must be monitored at least once every three years.

For questions about your organization or agency's account or about the registration renewal process, please telephone (207) 287-3200.

Your registration will enable you to have continued on-line access to your organization's conservation easement records in the Registry.

Your timely attention to this notice about registration renewal for Easement Registry account holders and completing \$80 payment is greatly appreciated.

Thank you very much.

This is something that the CC may want to discuss at the February 25th meeting. This has been handled annually by staff and would benefit from greater CC involvement.
