RE: Woodland Avenue Sidewalk Project

Dear Property Owner,

This correspondence is being written to advise you that the Town of Ocean View will be holding a meeting at 6:00 p.m. on Thursday, July 13, 2023, at the Old Town Hall, 32 West Avenue to review the construction plans for the construction of sidewalks and drainage features along Woodland Avenue, from Hudson Avenue to Daisey Avenue.

The project includes widening the roadway, installation of roadside drainage and five-foot wide sidewalks along the west side of Woodland Avenue, new signing, and pavement markings to include crosswalks. The improvements mentioned above will be constructed within the Town of Ocean View right of way.

If you have any questions or concerns regarding this project, please do not hesitate to contact me directly at (302) 539-1208, ext. 113.

Very truly yours,

Kenneth L. Cimino
Director of Planning, Zoning and Development
