BOARD OF ALDERMEN ACTION REPORT

ISSUE: Safety inspections upon business license renewal.

ACTION REQUESTED: Introduction and Reading of Bill No. 2026-21, amending Chapter 12, Article II. Licenses, Division 1. Generally, Sec. 12-35 Inspections of the Code of Ordinances of the City of Odessa.

BACKGROUND:

In June 2015, the ordinance requiring safety inspections upon business license renewals was created in partnership with the Odessa Fire Department. At that time, the City had a staff inspector who partnered with the Fire Chief to conduct the annual inspections. Since the vacancy of the inspector position in approximately 2020, and without the continued assistance from the Fire Department, it has become increasingly difficult to complete these inspections in a timely manner due to staffing capacity and increased permitting demands.

The proposed ordinance would revise the current inspection requirements by requiring an initial occupancy inspection for new businesses and allowing follow-up safety inspections on an as-needed basis, not to exceed once annually. This change is intended to provide flexibility in enforcement while addressing staffing limitations and increased permitting demands.

DATED: May 22, 2026

AN ORDINANCE OF THE CITY OF ODESSA, MISSOURI, AMENDING CHAPTER 12, ARTICLE II. LICENSES, DIVISION 1. GENERALLY, SEC. 12-35 INSPECTIONS OF THE CODE OF ORDINANCES OF THE CITY OF ODESSA.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF ODESSA, MISSOURI AS FOLLOWS:

Section 1. Chapter 12, Article II. - Licenses, Division 1. Generally, Sec. 12-35 Inspections of the Code of Ordinances of the City of Odessa is hereby adopted to read as follows.

Sec. 12-35. – Inspections.

~~All businesses opening in an existing building shall be required to obtain a safety inspection from the building code department and upon every renewal.~~

- (a) Initial occupancy inspection. Any person opening or establishing a new business within the city, including within an existing building or structure, shall be subject to an initial occupancy inspection prior to occupancy or commencement of operations to determine compliance with all applicable building, fire, life safety, health, and property maintenance codes.**
- (b) Safety inspections. The city is hereby authorized to conduct safety inspections of any licensed business establishment within the Odessa city limits not more than one (1) time per calendar year.**

 - (1) Safety inspections conducted pursuant to this subsection shall include verification of compliance with applicable provisions of the fire code adopted by the city pursuant to Section 10-21 of this Code, including requirements relating to illuminated exit signs, emergency lighting systems, and fire extinguishers.**
 - (2) Whenever any violation is identified during an inspection conducted pursuant to this subsection, the business owner, operator, or occupant shall have thirty (30) days from the date of notice of such violation to correct the same, unless the violation constitutes an immediate threat to public health, safety, or welfare requiring corrective action within a shorter period of time.**
 - (3) Failure to correct violations within the time prescribed shall constitute grounds for enforcement action as provided by this Code, including suspension, revocation, or non-renewal of the merchant's license.**

Section 2. Effective Date. This ordinance shall be in full force and effect from and after the date of its passage and approval and shall remain in effect until amended or repealed by the Board of Aldermen.

READ TWICE and passed by the Board of Aldermen of the City of Odessa, Missouri, and approved by the Mayor of Odessa this 26th day of May 2026.
