Town Board Meeting Minutes
March 25, 2026**

The Town Board of the Town of Onondaga met at a regular meeting at 5:00 p.m. on Wednesday March 25, 2026 , at the Town of Onondaga Town Hall, 5020 Ball Road, Syracuse, New York.

Present:	Supervisor	John P. Mahar
	Councilor	Kathy Fedrizzi
	Councilor	Lisa Goodwin
	Councilor	Ellen Magnarelli Terrien
Excused:	Councilor	John Wheatley
	Town Attorney	Nadine Bell
	Town Engineer	Bill Perrine
	Town Clerk	Janet Hillery

1. Pledge of Allegiance

2. Community Guest - Mary Ryan – CNY Land Trust/Otisco Lake & Onondaga Creek Watersheds

Mary Ryan of the *Otisco Lake Watershed Committee* was present. Ms. Ryan stated that Otisco Lake is where the Town of Onondaga gets its public water from. She said that a public meeting will be held in May and will let us know when that will be for anyone interested. The organizations the committee is currently working with are OCWA, Onondaga County Soil and Water, The Otisco Lake Preservation Association, and the NYS DEC.

Ms. Ryan provided the following outline which she asked to be included with her report and is also on their website:

A. Water Authority

Home/Camps

Inspect each property
Survey for Pesticides/Fertilizers/Salts
Dye test: 1/3 of lake front properties
Septic pump-out program

Ms. Ryan said that NYS has a grant program for homes and camps on the shores of the lake. The grant is meant to replace old septic systems to prevent runoff into the lake.

Agricultural

Ms. Ryan said that there are 42 farms that surround the lake within the watershed. Best practices are encouraged - for example, cutting in manure instead of spreading on top of fields. This prevents it from running off into the water or into wells. She said that one of the problems is that many of the trees are being cut down, which help to retain the soil. She said that plants are growing in the lake bed which cause problems and they are looking for ways to remedy that.

Review of what is happening in water shed

Otisco Lake Brook – Monitor tributaries
Monitor Lake for temperature, turbidity, pH, algae blooms
Check general flow rates of lake and tributaries

B. Soil and Water

42 Farms

1. Helps farmers make decisions to meet business objectives
2. Conserve natural resources
3. 220 local businesses supported by Otisco Lake watershed farms

Programs:

1. Highway departments hydro seeding to prevent erosion/run off into lake.
2. Cates Dairy Farm: Building buffer for Spafford Creek. 1,000 plants
3. Manure: Moving from spraying directly onto fields to cutting manure into fields, followed by drag line incorporation.

Town Board Meeting Minutes

p. 2

4. Tire recycling.
5. Agricultural spill response for dump trucks, milk, etc. (fire departments)
6. Denitrification
7. Use less sand/salt on roads during winter.
8. Protect hemlock trees from invasive insect species.
9. Tree planting at Otisco Lake Park.
10. Farmers soil test for pH (acid/base), nitrogen levels
11. Local owners soil test for herbicides, pesticides, salts
12. Grass seeding, mulching
13. Septic system maintenance
14. Water deflectors on driveways
15. Stream maintenance/Culverts
16. Keep lake vehicles clear of water chestnut plants
17. Tree clearing destabilizes soil. Tree clearing removes root systems, fungi systems beneath soil surface. Trees are needed to stabilize the ecosystems around and above the lake.

C. Otisco Lake Preservation Association

1. Number one goal is to remove phosphorus from the lake.
2. Pull water chestnut plants out of lake. Mechanically harvest other plants.
3. Earth Day clean up. 20+ volunteers.
4. Tree planting
5. Septic system upgrades/replacements
6. Education, meetings, brochures, door to door
7. Stream monitoring: nutrient run off
8. Fish surveys

D. NYS DEC

1. Lake characterization: Nutrients, metals, & contaminants
2. Winter sampling of nutrients, plankton. The lake is biologically active during the winter months. Example: Ice Fishing
3. Tributary sampling: Spafford, Willows, Rice, VanBenthuisen, Amber creeks. Volunteer sampling, eight times per summer.
4. Phosphorus content increasing. Very concerning.
5. Land Acquisition: Central New York Land Trust, Finger Lakes Land Trust. Concern about no connections between land trust properties may lead to additional development of properties, leading to decreasing opportunities to protect lake because of run off issues, contaminants.
** The purpose of the land trusts is to protect the water sheds, lakes, creeks, streams, and restore the shoreline of the lakes/tributaries, etc.
6. Otisco Lake Boat Launch
7. Work with agricultural businesses/farms to reduce runoff, sediments, and chemical contaminants.

Otisco Lake is the water source for the town of Onondaga, and additional towns in southern Onondaga County. Skaneateles Lake is the water source for Skaneateles and Syracuse. Otisco Lake water is tested and treated by OCWA.

The Otisco Lake Watershed committee is preparing a survey to be completed by interested parties of the Otisco Lake Watershed.

The Otisco Lake Watershed committee is planning a public meeting in May. Details will follow.

Ms. Ryan said that Honeoye Lake is the most polluted Finger Lake, followed by Otisco Lake. Ms. Ryan addressed a group in attendance regarding the South Onondaga area and said she still doesn't know where the \$6 million Onondaga Environmental Institute Grant application stands, as it is being held up at the Federal level.

Ms. Ryan said that she went to the *Onondaga Creek Watershed Committee* meeting on 2/12, and said it was an introduction to the creek and any organizations that had any interest in the creek. Cleaning this up would be a part of the \$6 million grant if awarded.

3. Onondaga County Multi-Jurisdictional Hazard Mitigation Plan

Town Councilor Ellen Magnarelli Terrien asked how the Town was moving forward with this, as there are quite a few action items. She referenced the “Growth and Development” piece where we have an overabundance of single-family units as opposed to multi-dwelling units. She wanted to know if that was being discussed at the Planning Board level, and how we are moving forward with that. **Supervisor Mahar** said that the Seneca Ridge Development is currently in the Planning stage. Councilor Magnarelli Terrien asked whether there were more being looked at and Supervisor Mahar said that the initiative would come from a private developer. **Town Attorney Nadine Bell** said that in the past, the Town has looked at where they can accommodate more dense development. She said that because of our rural nature, the Town is limited by public sewer and water availability. Attorney Bell said that the former Lafayette Country Club has been identified as a possibility for multi-unit development, which encompasses over 90 acres, some of which is in the Town, but borders the city. She said It has been repeatedly identified as a prime location for dense dwelling development, however the Town does not have public water and sewer there. Attorney Bell said that Supervisor Mahar has gone to the County to try and get that public infrastructure in place, but has had little cooperation from the County on getting this done. Supervisor Mahar said that he and the Town Planning Board Chairman have had numerous meetings with the Onondaga County WEP. Supervisor Mahar also said that for property that is designated “Residential Country” where there is septic, the two-acre lot requirement needs to be factored in. He said if it was designated as “Planned Residential”, that could accommodate greater density. Supervisor Mahar said that the Town has identified several areas within the Town that they thought would be good locations for growth, sewers, etc. He said the County has not said “no”, however he feels it is not the County’s priority right now as they are currently dealing with wastewater treatment issues. Supervisor Mahar stated that the Town currently has the ability to develop about 500 single family, traditional R-1, properties.

**TOWN OF ONONDAGA
TOWN BOARD RESOLUTION**

**RESOLUTION OF THE TOWN OF ONONDAGA ADOPTING
THE 2025 ONONDAGA COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN**

The following resolution was offered by Councilor Fedrizzi and seconded by Councilor Goodwin to wit:

WHEREAS, the Town of Onondaga Town Board recognizes the threat that natural hazards pose to people and property within the Town of Onondaga; and

WHEREAS, the Town of Onondaga has prepared a multi-hazard mitigation plan, hereby known as the Onondaga County 2025 Hazard Mitigation Plan in accordance with the Disaster Mitigation Act of 2000; and

WHEREAS, the Onondaga County 2025 Hazard Mitigation Plan identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property in the Town from the impacts of future hazards and disasters; and

WHEREAS, adoption by the Town of Onondaga Town Board demonstrates their commitment to hazard mitigation and achieving the goals outlined in the Onondaga County 2025 Hazard Mitigation Plan.

NOW THEREFORE, BE IT

RESOLVED, that the Town of Onondaga Town Board, on behalf of the Town of Onondaga, State of New York, adopts the Onondaga County 2025 Hazard Mitigation Plan. This plan, approved by the community, may be edited or amended after submission for review, but will not require the community to re-adopt any further iterations. This only applies to this specific plan and does not absolve the community from updating the plan in five (5) years.

The question of the adoption of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

7. Highway Superintendent’s Report:

Highway Superintendent John Smith requested the following resolution for a new truck that is within the budget.

TOWN BOARD RESOLUTION

The following resolution was offered by **Supervisor John Mahar** and seconded by **Councilor Ellen Magnarelli Terrien** to wit:

BE IT RESOLVED, that the Onondaga Town Board approve the purchase of a new Western Star dump truck for the Highway Department in the already budgeted amount of \$343,372.

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Councilor	Kathy Fedrizzi	Voted	Yes
Councilor	Lisa M. Goodwin	Voted	Yes
Councilor	Ellen Magnarelli Terrien	Voted	Yes
Councilor	John Wheatley	-----	----
Supervisor	John P. Mahar	Voted	Yes

The foregoing resolution was thereupon declared duly adopted.

Highway Superintendent Smith also reported that he is looking for authorization for Green Renewables to grind brush and haul it away, stating that it is hard to find a company that will do both. He stated that, based on his research, the most efficient cost-effective solution is to have Green Renewables provide both services in the amount of \$27,500. Which is within his budget.

TOWN BOARD RESOLUTION

The following resolution was offered by **Supervisor John Mahar** and seconded by **Councilor Lisa Goodwin** to wit:

BE IT RESOLVED, that the Onondaga Town Board approve Green Renewables to provide grinding and brush removal services in the amount of \$27,500.

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Councilor	Kathy Fedrizzi	Voted	Yes
Councilor	Lisa M. Goodwin	Voted	Yes
Councilor	Ellen Magnarelli Terrien	Voted	Yes
Councilor	John Wheatley	-----	----
Supervisor	John P. Mahar	Voted	Yes

The foregoing resolution was thereupon declared duly adopted.

Highway Superintendent Smith also reported that the nine-year-old rooftop heating unit at the highway garage is not working properly and there is currently no heat forcing them to use space heaters. They have tried multiple times to fix the problem, which has been going on for about five years. Councilor Fedrizzi asked what the warranty was for the unit, and Supervisor Mahar said that typically it won’t be more than one year. Supervisor Mahar and Highway Superintendent Smith said that they usually last no more than 10-15 years. Three quotes were received: \$17,750 from Doupe Heating and Air; \$21,995 - \$23,757 from Advanced Mechanical (depending on what it needs); \$24,452

from Kollis. Discussion took place and it was decided to go with Advanced Mechanical as they feel they would be more readily able to handle to project, resulting in the following resolution:

TOWN BOARD RESOLUTION

The following resolution was offered by Councilor Goodwin and seconded by Councilor Kathy Fedrizzi to wit:

BE IT RESOLVED, that the Onondaga Town Board approve Advance Mechanical to replace the heating unit in the Town of Onondaga Highway Garage for an amount not to exceed \$23,757.00

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Councilor	Kathy Fedrizzi	Voted	Yes
Councilor	Lisa M. Goodwin	Voted	Yes
Councilor	Ellen Magnarelli Terrien	Voted	Yes
Councilor	John Wheatley	-----	----
Supervisor	John P. Mahar	Voted	Yes

The foregoing resolution was thereupon declared duly adopted.

Highway Superintendent Smith also reported that they will begin sweeping roads next week and brush pick-up will begin, weather permitting. He was told the blacktop plants will be opening April 2nd, and plans to begin patching and filling potholes hopefully the week of 4/6. He also reported that they are getting their equipment ready for brush pick-up and road work. Mr. Smith also said that Barrett Paving, out of Jamesville, who owns one of the pits on 4084 Tanner Road, will be planting trees in the gravel bed on Arbor Day from 8-4. They will be serving lunch and everyone is welcome. Superintendent Smith reminded everyone of Earth Day, and that drop-offs can be made to the Highway Garage on 4/25 between 9-12.

Town Attorney Nadine Bell discussed Highway Superintendent Smith’s request to install a STOP sign, which requires an **Order** as follows:

**AN ORDER INSTALLING A STOP SIGN ON DEREK AVENUE
TOWN BOARD RESOLUTION**

The following resolution was offered by Councilor Magnarelli Terrien, who moved its adoption, seconded by Councilor Kathy Fedrizzi, to wit:

AN ORDER INSTALLING A STOP SIGN ON DEREK AVENUE

SECTION 1. Legislative Intent & SEQR

By adoption of this Order, the Town Board of the Town of Onondaga, pursuant to the authority of Section 1660 of the Vehicle and Traffic Law of the State of New York, and Section 270-12 of the Code of the Town of Onondaga declares its intent to install a stop sign on Derek Avenue. This is a Type II action under SEQR.

SECTION 2. Stop Sign Installed

8. Codes Officer’s Report

Codes Director Jeffrey Herrick reported that since the last report, there have been ten building permits and eight fire inspections. He also said that Muncity training has begun and will continue into the next few weeks, with a “go Live” date set for 4/16. Mr. Herrick said that prior Codes Officer John Kane did the Town a tremendous service by transferring all of the Town’s parcels off of the County’s website and onto Muncity. Town Engineer Bill Perrine said that Syracuse/Onondaga County Planning Agency provides GIS file updates in January and July for free, and is available if we want to utilize that. Codes Director Herrick said that on a monthly basis, after the maps get signed off on, the County sends it to Muncity and ends up on our system. Mr. Herrick added that some of the information given by a former Codes Officer were incomplete or not correct and will need to be corrected. Mr. Herrick said that once they go “live”, they will be able to print out Certificates of Occupancy, Notices of Violation and other Codes notices. Mr. Herrick said it is critical that the Planning Board get in on this training to accomplish the transition. He said there are two training dates for the “all access viewers” in April. Mr. Herrick said Muncity training staff will be here on 4/15 and 4/16 and will assist with getting our dashboards set up and running. **Councilor Fedrizzi** acknowledged all of the work done by former Codes Officer John Kane and appreciates all of the additional work done by Codes Director Herrick and staff in ensuring the data is accurate. Councilor Fedrizzi emphasized the importance of each department’s involvement and input in order to realize the benefits of the program. Codes Director Herrick said that the Laserfiche component of the system will begin in May, in which the two systems will integrate. Mr. Herrick said that Muncity Mobile will be very useful for the Codes Department employees via the I-Pads which will be usable in the Codes vehicle. Muncity training staff will be going in the cars with the staff to train them on the system on 4/16. The following week, two Codes employees from the Town of Clay will be providing hands on training as well. Mr. Herrick said that all Codes complaints from residents will only be handled on-line through this system. Supervisor Mahar and Councilor Ellen Magnarelli Terrien asked what happens if someone is not comfortable using the system, and Mr. Herrick said that that will be handled directly through the Codes Department, but there will be a complaint form at the front counter they can submit.

Codes Director Jeff Herrick also reported that on Split Rock Rd., St. Peter’s Church will be torn down and replaced with a larger structure, saying that they have outgrown the current one.

Codes Director Herrick requested the following refunds:

TOWN BOARD RESOLUTION

The following resolution was offered by **Councilor Fedrizzi** and seconded by **Councilor Goodwin** to wit:

BE IT RESOLVED, that the Onondaga Town Board approves the refund to Debbie Dryden in the amount of \$750 for Planning Board discussions that took place, however plans did not materialize due to surveyor issues.

9. Public Hearing Local Law B-2026 Battery Storage; Community Development Five-Year Plan

9a) Local Law B-2026 – Battery Storage Moratorium Public Hearing:

TOWN BOARD RESOLUTION

The following resolution was offered by Councilor Fedrizzi and seconded by Councilor Goodwin to wit:

BE IT RESOLVED that, having provided proper notice as required, the Onondaga Town Board open the Public Hearing pertaining to Local Law B-2026.

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Councilor	Kathy Fedrizzi	Voted	Yes
Councilor	Lisa M. Goodwin	Voted	Yes
Councilor	Ellen Magnarelli Terrien	Voted	Yes
Councilor	John Wheatley	-----	----
Supervisor	John P. Mahar	Voted	Yes

The foregoing resolution was thereupon declared duly adopted.

Public Comments:

Mary Ryan, former councilor and current Environmental Committee member, stated that she is in favor of this local law, as there has been too many fires associated with this.

Town resident **Tim Nelson** asked what defines the moratorium and what it includes. Supervisor Mahar replied that it is for six months, and Town Attorney Nadine Bell explained the Local Law as outlined below. Mr. Nelson said he thought this was a good idea and is in favor of this. Councilor Magnarelli Terrien asked if this includes all size batteries and it was confirmed by Supervisor Mahar and Attorney Bell that it includes all sizes except a 12-volt car battery. Town resident and South Onondaga Fire Department member Sue Fisher asked if we planned on getting the fire departments involved once the moratorium is lifted, and Supervisor Mahar said that they are, and that this is why this moratorium is being implemented. They will be examining potential areas this would be allowed in, factoring in regulations, and also hope to gain valuable input from knowledgeable parties such as the fire departments. Supervisor Mahar said the Environmental Committee, Town Engineer, and Town Attorney will mostly be involved with this. Codes Director Jeff Herrick said that he has received three calls in the last four months regarding very large tractor trail size units. Town resident Tim Nelson said that there is not a fire department in the Town currently that is capable of handling a potential fire of this magnitude, which is very toxic and will continue to burn until all the cells are gone. Mr. Nelson is glad we are on the front end of addressing this.

TOWN BOARD RESOLUTION

The following resolution was offered by Supervisor Mahar and seconded by Councilor Goodwin to wit:

BE IT RESOLVED, that having given everyone in attendance the opportunity to speak pertaining to Local Law B-2026, the Town of Onondaga Town Board declare the Public Hearing to be closed.

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

**TOWN OF ONONDAGA
TOWN BOARD RESOLUTION**

March 25, 2026

TOWN OF ONONDAGA LOCAL LAW NO. B OF 2026

(“A Local Law Imposing a Six (6) Month Moratorium on Battery Energy Storage Systems Within the Town of Onondaga”)

The following resolution was offered by Councilor **Kathy Fedrizzi**, who moved its adoption, seconded by Councilor **Ellen Magnarelli Terrien**, to wit:

WHEREAS, pursuant to the provisions of the Municipal Home Rule Law, a proposed local law titled Local Law No. B-2026, “A Local Law Imposing a Six (6) Month Moratorium on Battery Energy Storage Systems Within the Town of Onondaga,” was presented and introduced at a regular meeting of the Town Board of the Town of Onondaga held on March 2, 2026; and

WHEREAS, a public hearing was held on such proposed local law on this 25th day of March, 2026, by the Town Board of the Town of Onondaga and proof of publication of notice of such public hearing, as required by law, having been submitted and filed, and all persons desiring to be heard in connection with said proposed local law having been heard, and said proposed local law having been in the possession of the members of the Town Board of the Town of Onondaga in its final form in the manner required by Section 20 of the Municipal Home Rule of the State of New York; and

WHEREAS, the enactment of Local Law No. B-2026 has previously been determined to be an Type II action under SEQR, thus concluding the environmental review process; and

WHEREAS, it is in the public interest to enact said Local Law No. B-2026.

NOW, THEREFORE, it is

RESOLVED, that the Town Board of the Town of Onondaga, Onondaga County, New York, does hereby enact Local Law No. B-2026 as Local Law No. 1-2026 as follows:

**“TOWN OF ONONDAGA
PROPOSED LOCAL LAW NO. 1-2026**

**A Local Law Imposing a Six (6) Month Moratorium
on Battery Energy Storage Systems Within the Town of Onondaga**

Be it enacted as follows:

Section 1: Intent

It is the intent of the Town Board of the Town of Onondaga to impose a six (6) month moratorium on the siting, establishment, placement, installation, construction, erection, modification and enlargement of battery energy storage systems within the Town of Onondaga. This local law is enacted under the authority of Section 10 of the New York Municipal Home Rule Law.

Section 2: Legislative Purpose

The purpose of this local law is to temporarily halt development of battery energy storage systems, for a period of up to six (6) months, while the Town considers zoning changes and the enactment of zoning measures to specifically address matters of community concern.

Town Board Meeting Minutes

March 25, 2026

p. 12

The Town Board recognizes and acknowledges that the Town needs to study and analyze many considerations that affect the preparation of local legislation to regulate battery energy storage systems. In the coming months, the Town will be diligently working towards the development of regulations that will address, in a careful manner, the establishment, placement, construction, enlargement and erection of battery energy storage systems on a Town-wide basis and to adopt land use regulations for provisions to specifically regulate same.

Section 3: Definitions

BATTERY(IES): A single cell or a group of cells connected together electrically in series, in parallel, or a combination of both, which can charge, discharge, and store energy electrochemically. For the purposes of this law, batteries utilized in consumer products are excluded from these requirements.

BATTERY ENERGY STORAGE MANAGEMENT SYSTEM: An electronic system that protects energy storage systems from operating outside their safe operating parameters and disconnects temperatures or other conditions are detected.

BATTERY ENERGY STORAGE SYSTEM: A rechargeable energy storage system consisting of electrochemical storage batteries, battery chargers, controls, power conditioning systems and associated electrical equipment designed to store energy to supply electrical energy at a future time, not to include a stand-alone 12-volt car battery or an electric motor vehicle. A battery energy storage system is classified as a Tier I or Tier 2 Battery Energy Storage System as follows:

A. Tier I Battery Energy Storage Systems have an aggregate energy capacity less than or equal to 600kWh and, if in a room or enclosed area, consist of only a single energy storage system technology.

B. Tier 2 Battery Energy Storage Systems have an aggregate energy capacity greater than 600kWh or are comprised of more than one storage battery technology in a room or enclosed area.

CELL: The basic electrochemical unit, characterized by an anode and a cathode, used to receive, store, and deliver electrical energy.

Section 4: Moratorium

A. The Town Board hereby enacts a moratorium which shall prohibit the siting, establishment, placement, installation, construction, erection, modification, and enlargement of battery energy storage systems anywhere within the Town of Onondaga.

B. This moratorium shall be in effect for a period of six (6) months from the effective date of this local law and shall expire on the earlier of (i) the date six (6) months from said effective date of this local law, unless renewed; or (ii) the enactment by the Town Board of a resolution indicating the Town Board is satisfied that the need for the moratorium no longer exists.

C. This moratorium shall apply to all zoning districts and all real property within the Town.

D. Battery energy storage systems which have previously been approved or are located on Town-owned property are hereby expressly excluded from this moratorium, and may be sited, placed, installed, constructed, erected and operated in accordance with approved plans. Further modification, alteration or enlargement of previously approved battery energy storage systems is prohibited while the moratorium is in effect.

Section 5: Relief from Provisions of this Local Law

A. The Town Board reserves to itself the power to vary or adapt the strict application of the requirements of this local law in the case of unusual hardship which would deprive the owner of all reasonable use of the lands involved.

B. Application for relief shall be filed in triplicate with the Town Code Enforcement Office together with a filing fee of \$250.00. The application shall specifically identify the property involved, recite the circumstances pursuant to which the relief is sought and the reasons for which the relief is claimed. Any costs, including expert consulting fees or attorney's fees, incurred by the Town, shall be reimbursed to the Town by the Applicant. The Town Board shall apply Use Variance criteria as set forth in the New York State Town Law, Section 267-b (2) in reviewing any application for relief.

Town Board Meeting Minutes

March 25, 2026

p. 13

C. The Town Board may refer any applications for relief herein to the Town Planning Board/ Zoning Board of Appeal for its advice and recommendations, but all decisions on granting or denying such relief shall be made solely by the Town Board after determining whether or not the requested relief is compatible with any contemplated amendments to the Town Zoning Law. Unless completely satisfied that the proposed relief is compatible, the Town Board shall deny the application.

D. The Town Board shall conduct a public hearing on any request for relief within forty-five (45) days of receipt by the Town Code Enforcement Office and shall issue its final decision on requests for relief within thirty (30) days from the date of the public hearing.

Section 6: Penalties

Any person, firm or corporation that shall establish, place, construct, enlarge or erect any battery energy storage systems in violation of the provisions of this local law or shall otherwise violate any of the provisions of this local law shall be subject to:

A. A fine not to exceed One Thousand and 00/100 Dollars (\$1,000.00) or imprisonment for a term not to exceed fifteen (15) days, or both. Each day a violation continues shall be considered a new violation.

B. A civil action inclusive of injunctive relief in favor of the Town to cease any and all such actions which conflict with this local law and, if necessary, to remove any constructions, improvements, or related items or byproducts which may have taken place in violation of this local law.

Section 7: Enforcement

This local law shall be enforced by the Code Enforcement Office of the Town of Onondaga or such other zoning enforcement individual(s) as designated by the Town Board. It shall be the duty of the enforcement individual(s) to advise the Town Board of all matters pertaining to the enforcement of this local law.

Section 8: Validity & Severability

If any section or part of this local law is declared invalid or unconstitutional, it shall not be held to invalidate or impair the validity, force, or affect any other section of this local law.

Section 9: Effective Date

This local law shall take effect immediately upon passage and thereafter shall be filed with the New York State Department of State and shall remain in force and effect for a period of six (6) months from the date of passage.”

**2026 COMMUNITY DEVELOPMENT CONSOLIDATED 5-YEAR PLAN
TOWN OF ONONDAGA**

First Year Renovation and rehabilitation of the existing outdated restroom facility at the Town owned and maintained Howlett Hill Park. The renovation would include removal of the outdated bathroom facilities, and construction of an ADA compliant men and women’s bathroom. The men’s bathroom would include one (1) toilet, one (1) urinal, & one (1) sink. The women’s bathroom would include two (2) toilets & one (1) sink. New ADA compliant fixtures and easy to maintain floors and walls will be added. Walls will be paneled to prevent vandalism. A new metal roof will be installed. The exterior will be clean and re-painted. All walkways will be ADA accessible. New LED light fixtures will be installed. Exterior drinking fountains will be added. The existing building will include a small addition to expand the bathrooms to allow for ample space to better maneuver a wheelchair in each stall. Total grant funds requested from Community Development, \$50,000.

Second Year Construct a new Town owned park in the Southwood Community and Jamesville-Dewitt School District Area, located south of Southwood Park Drive. Construct a new playground, tennis court, playing field, facilities for picnicking, walking, and other recreational activities. All improvements will benefit the elderly and the handicapped that live in and utilize the area. Total grant funds requested from Community Development, \$50,000.

- Third Year** Install approximately 400 linear feet of 8-inch water main and appurtenances on Orchard Avenue easterly from McFern Road in the existing Nedrow area. The project will benefit a low-income area and provide the area with a reliable public water source that replaces a very outdated system. The project will benefit 14 residential properties. Engineer's opinion of probable construction costs, \$187,500.
- Fourth Year** Continue to install water mains and appurtenances to finish the upgrades on Orchard Avenue easterly from Midland Avenue in the existing Nedrow area. Install water mains and appurtenances on McFern Road southerly from its intersection with Orchard Avenue and then easterly on Wendell Avenue up to Midland Avenue. Engineer's opinion of probable construction costs, \$187,500.
- Fifth Year** Continue to install water mains and appurtenances to finish the upgrades on Wendell Avenue easterly from Midland Avenue in the existing Nedrow area. Install water mains and appurtenances on McFern Road southerly from its intersection with Wendell Avenue to Meredith Avenue. Engineer's Opinion of Probable Construction Costs, \$187,500.

10. Parks and Recreation Director's Report

Parks and Recreation Director Charry Lawson reported that three of her seasonal Parks and Recreation employees – Robert Manipole, Thomas Needham and Gordon Franz - will be starting back up on April 2nd. Parks Director Lawson also said that her existing AED's at the Parks Department will be expiring at the end of this year, and the batteries expire this month, which will mean they will need to be replaced at a cost of about \$369 each. Councilor Fedrizzi asked if it made sense to just replace the AED's themselves, since they expire at the of the year. Parks Director Lawson said they can, however past discussion was to hold off. She is fine with doing whatever makes sense. Supervisor Mahar said to get quotes on new ones and utilize the fire department contacts for guidance and cost savings. Parks Director Lawson was also taking into consideration the Highway Department, as theirs is also set to expire this year. Councilor Fedrizzi said that the Onondaga Hill Fire Department was wonderful in getting the AED for the St. Elias Church.

11. National Grid – Taunton Fire Department Site Plan Discussion/Information

Attorney Nolan Kokkoris from Bond Shoeneck and King, was in attendance to represent National Grid, along with Justin Domago and Chris Gorman of National Grid. Attorney Kokkoris addressed the Town Board in regards to the site plan application they presented to the Town Board in December of 2025. Attorney Kokkoris said it has gone through a very thorough review process with the Planning Board, the ZBA and the Town Attorney. He said the Town should have received a letter from the Planning Board regarding the site plan. Attorney Kokkoris presented to the Town Board updated site plans in response to the Planning Board's recommendations. Town Attorney Nadine Bell clarified that they are not here for site plan approval because they need to have the subdivision done first, but that they are here to address the recommendations that have been presented. Plans were made available for the Town Board to review. Attorney Kokkoris spoke about the revisions to the plans at 4310 Onondaga Blvd. which included the proposed layout to the expansion. Discussion also took place about bollards, landscaping and signs.

12. Town Attorney's Report

Town Attorney Nadine Bell reported that Supervisor Mahar shared with her a letter he received from the Westhill School District about their 2026 Capital Improvement Project. The letter requested the Town to serve as SEQR lead agency. Attorney Bell said that the letter is dated March 11th and they are looking for a decision by April 8th, which is an issue as that is less than the 30 days legally required. In addition, the information they provided is sparse. It was decided that Attorney Bell would write back to the Attorney who sent the letter, stating that although the Town of Onondaga has no objections to serving as lead agency, we need more specifics on their plans so that the Town Board can identify their concerns.

13. Town Engineer's Report

Town Engineer Bill Perrine reported the there is an updated Intermunicipal MS4 Shared Services Agreement with Onondaga County that we have participated in for a long time. The County provides services to inspect and monitor storm sewer outfalls, illicit IDDE discharges, sanitary sewer

overflows, and other MS4 reporting requirements. The stormwater hotline and outfall inspections are conducted at no cost. IDDE source track down is \$60/hr and laboratory analysis is at prevailing wage rate cost. These reporting items are required of MS4 Communities to meet the annual reporting requirements with NYS.

TOWN BOARD RESOLUTION

The following resolution was offered by **Councilor Goodwin** and seconded by **Councilor Magnarelli Terrien** to wit:

BE IT RESOLVED, that the Town of Onondaga Town Board authorize approval to enter into a renewed Shared Services Intermunicipal MS4 Agreement with Onondaga County.

The question of the enactment of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:

Councilor	Kathy Fedrizzi	Voted	Yes
Councilor	Lisa M. Goodwin	Voted	Yes
Councilor	Ellen Magnarelli Terrien	Voted	Yes
Councilor	John Wheatley	-----	----
Supervisor	John P. Mahar	Voted	Yes

The foregoing resolution was thereupon declared duly adopted.

Town Engineer Perrine also reported that the Onondaga County DOT is doing a major roadway improvement from Fay Road to Velasko Road, some of which is in the City, and some the Town. There is an open comment period until April 30th, if the Board would like to offer any comments. Discussion took place regarding the difficulty taking a left turn off of Fay Road onto Terry Road certain times of the day. Currently the plan says “signal improvements”. Supervisor Mahar said that he would like more specifics but agrees that the intersection can be very difficult certain times of day.

14. Budget Modifications

Town Supervisor John Mahar requested the following budget transfers:

TOWN BOARD RESOLUTION

The following resolution was offered by **Councilor Goodwin** and seconded by **Councilor Magnarelli Terrien** to wit:
